What is this application for?

- to change a recognised sole practice to a partnership
- to change a recognised sole practice to an LLP or limited company
- to change a partnership to an LLP or limited company.

Eligibility

There must be no other material changes to the existing management, ownership or structure.

The existing body must cease at the time the new one starts to trade.

What are material changes?

- splitting into two or more new entities
- adding new managers and/or owners who are not deemed to be approved
- changing your compliance officers
- any change that prevents the firm meeting the eligibility requirements to be authorised
- changing entity from a body corporate to a new body corporate (LLP / Ltd to LLP / Ltd)
- changes to authorisation status (eg recognised body to licensed body).

What are non-material changes?

A non-material change does not require us to approve new role holders and does not create a need for us to risk assess the new entity.

Example of non-material changes include:

- adding managers that meet the deemed approval criteria set out in rule 13.2 of the [Authorisation of Firms Rules](#)
[\[https://jobs.sra.org.uk/solicitors/standards-regulations/authorisation-firms-rules/\]](https://jobs.sra.org.uk/solicitors/standards-regulations/authorisation-firms-rules/).

- the departure of individuals that will not affect the firm's eligibility to be authorised.
