

Your views on our priorities for the year ahead

12 June 2024

Last year, following consultation, we identified our priorities for the next few years in our Corporate Strategy 2023-26. We ran this webinar so that we can hear your views on the shared challenges and opportunities we all face as we approach the midpoint of this strategy.

In this webinar we will:

- explain more about our objectives and priorities for the year ahead
- outline how we are prioritising the most important areas of focus given recent developments in the legal sector
- discuss our proposed budget for the year ahead.
